

# ES Series

## Solvent-Based Epoxy Liquid Coatings

Engineered for Durability. Designed for Protection.

**PROTECH**  
— GROUP —

### Overview

Epoxy solvent-based coatings offer durable, corrosion-resistant protection for industrial floors, pipelines, marine structures, and heavy equipment. The ES Series provides a smooth, adjustable-gloss finish and supports multiple application methods. Ideal for OEM and maintenance use, it ensures long-lasting performance in harsh environments.

### Main Features

- Easy Mix Ratio – Simplifies prep and ensures consistent results.
- Strong Adhesion – Bonds well to concrete, metal, and wood.
- Moisture & Corrosion Resistant – Shields against rust and water damage.
- Thermally Stable – Performs reliably in extreme temperatures.
- Chemically Durable – Resists solvents, fuels, and cleaners.

### Common Uses Include

- Concrete floors
- Metal structures
- Industrial equipment and machinery
- Tank Linings

### Typical Properties

|                                   |                             |
|-----------------------------------|-----------------------------|
| <b>Coating Options</b>            | Primer or Interior top coat |
| <b>Cure Options</b>               | Air dry, Force Dry, Bake    |
| <b>Application</b>                | Brush/Roller and Spray      |
| <b>Substrates</b>                 | Metal, Concrete             |
| <b>Gloss Range</b>                | Low to High Gloss           |
| <b>Solution-Specific Coatings</b> | ES2 Primer Series           |

### Consistent Quality. Proven by Performance.

At Protech Group, quality isn't just a feature—it's a promise. Our coatings are engineered to deliver consistent performance across every application, ensuring reliable results and a flawless finish each time. With rigorous quality control and decades of technical expertise, we maintain the highest standards from formulation to final product. Whether you're coating complex parts or high-volume assemblies, you can count on Protech for dependable performance and superior, long-lasting quality.

### Custom Formulations

Leveraging decades of experience, The Protech Group partners with you to create tailored coating formulations that meet your unique application, budget, and production needs.
